Samaritan Health Ministries is a non-profit clinic providing medical, women's health, dental, mental health, and pharmacy services to the uninsured in Williamson and Travis counties for more than 20 years. In August 2020, SHM moved to a new, larger facility with more exam rooms, dental operatories and an expanded pharmacy. The larger space helps us meet the growing demand for our services, especially during these challenging times. But, this means we need the community's support now more than ever.
